ANURAG GURJAR

Front-End Developer , Web Designer , JAVA Enthusiast

ABOUT

*I'm a Computer Science Engineering student who loves to Design and Develop UI. I am proficient in **HTML , CSS , JAVASCRIPT , Bootstrap** and also a **JAVA enthusiast** with deep knowledge about **Core Java, OOPs, Data Structures, and Algorithms**. I am aiming to use the knowledge acquired from my coursework and my hard work to satisfy my internship at your organization, and I am willing to learn more from this internship.*
